Summary

As an experienced WordPress designer, I specialize in creating custom websites using Elementor and Elementor Pro. With a deep understanding of HTML, CSS, and JavaScript, I can take any design concept and turn it into a fully functional website that is visually appealing and easy to navigate. My ability to customize Elementor ensures that my websites are unique and tailored to meet the needs of my clients. From basic websites to complex e-commerce solutions, I have the expertise and knowledge to deliver top-quality results. If you're looking for a talented WordPress designer who can bring your vision to life, look no further than me.

Skill Highlights

- I have extensive experience in using these popular WordPress page builders to design beautiful and functional websites that meet the unique needs of my clients.
- My ability to customize Elementor using HTML, CSS, and JavaScript ensures that my websites stand out from the crowd and reflect the individuality of my clients.
- I have a deep understanding of HTML, CSS, and JavaScript, which allows me to create websites that are optimized for search engines and user engagement.
- Proficiency in design software such as Adobe Photoshop, Illustrator, InDesign, and Adobe InDesign.
- With an eye for design and a passion for creativity, I am able to create visually appealing websites that are both beautiful and functional.
- I am adept at identifying and solving problems, whether they are related to design, functionality, or user experience.

Experience

WordPress web design and develop - 05/2018 to 01/2023

Ministry of Tourism, Sri Lanka

- Designed and developed custom WordPress websites for clients using Elementor, and customized pre-existing themes using CSS and JavaScript.
- Worked closely with clients to understand their business needs and create websites that aligned with their brand and goals.
- Provided ongoing website maintenance, updates, and support to ensure optimal website performance and user experience.
- Implemented SEO best practices and optimized websites for speed and performance.
- Continuously improved skills and knowledge of WordPress, Elementor, and Elementor Pro through self-study and training.
